Explanation

Funding in the amount of \$4,612,322.00 is through the American Recovery and Reinvestment Act of 2009 (ARRA), U.S. Department of Housing and Urban Development (HUD), Homelessness Prevention and Rapid Re-Housing Program (HPRP). These dollars must be used toward programs that benefit New Hampshire residents who are at risk of becoming homeless or to "rapidly re-house" individuals and families who have recently become homeless and whose income is 50% or below the Area Median Income (AMI). New Hampshire was required to complete and submit to HUD a Substantial Amendment to the NH Consolidated Plan 2008 Action Plan. The NH Substantial Amendment included a comprehensive plan on how the funds would be distributed, and was developed with substantial public input. The plan has been posted on the DHHS, NH ARRA, and NH Housing's Consolidated Plan websites and was electronically distributed to stakeholders via e-mail. The plan was submitted to HUD on May 18, 2009.

Through a competitive process, New Hampshire submitted a proposal in response to HUD's Notice of Allocations for Homelessness Prevention and Rapid Re-Housing Program Grantees under ARRA. In anticipation of the federal award, the Bureau of Homeless and Housing Services (BHHS) released Requests for Proposals on June 3, 2009 and July 17, 2009. A pre-proposal conference was held and attendees received proposal materials. Submitted project proposals were received and reviewed within the BHHS to ensure that proposals were complete. The eligible proposals were submitted to ranking teams for assessment and prioritization based on criteria developed by the BHHS utilizing HUD's guidance for allowable use of funds. At the conclusion of all proposal reviews, each team member was requested to score the projects based on outlined criteria. Each ranking team then submitted a decision in writing to the BHHS as to the ranking of the proposals. BHHS awarded this contract to the project sponsor, who is Community Council of Nashua, d.b.a. Greater Nashua Mental Health Center, in accordance with 45 CFR Part 74 and 45 CFR Part 92. The BHHS shall be requesting authority to contract with other providers who have also been selected during this competitive process.

A total of ten contracts were awarded funding through the competitive bidding process, nine for homelessness prevention and rapid re-housing and one for a Bureau of Behavioral Health Housing Transition Demonstration Project. Community Council of Nashua, d.b.a. Greater Nashua Mental Health Center was one of nine New Hampshire agencies receiving a competitive award for homelessness prevention and rapid re-housing. The funds shall be used to pay for the eligible costs for providing homelessness prevention of Community Council of Nashua, d.b.a. Greater Nashua Mental Health Center for homeless individuals and families or individuals and families at risk of homelessness. A comprehensive supportive services network will be provided to meet their unmet housing needs and to promote the ability of participants to live independently. Performance is monitored through the required submission of monthly, quarterly, and annual performance reports regarding the performance of the program and the individuals it serves, as well as ongoing data reporting on the Homeless Management Information System.

HUD requires that the contracts be executed with subgrantees by September 30, 2009. HUD requires a minimum 60% of funds be expended within two years from the date HUD signed the agreement, July 30, 2009. Funds may be subject to recapture and reallocation if not expended timely. The remaining funds must be expended by the end of the third year. To ensure timely expenditure of these funds, BHHS is increasing the minimum expenditure requirement for subgrantees to 70% within the first two years to ensure the 60% threshold is met.

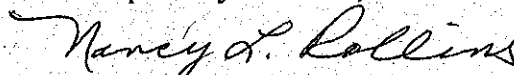

Approval of this submittal is requested to assure compliance with HUD requirements. HUD stipulates that this contract be effective on or before September 30, 2009. The BHHS received the final selection notification of this award on August 8, 2009.

Area served: see attached list.

The source of funds for appropriation 010-095-0832-102-500731 is 100% ARRA federal funds.

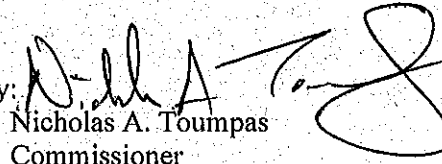

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

*The U.S. Department of Housing and Urban Development mandated that the current Homeless Management Information System must be utilized for Homeless Prevention and Rapid Re-Housing data collection. The Bureau of Homeless and Housing Services worked with Community Services Council of New Hampshire to revise their proposal, including the project plan and budget, and intends to monitor the project closely to insure deliverables are met.

**Proposal Incomplete

Request for Proposals (RFPs) were released on June 3, 2009 and July 17, 2009. Beginning July 17, 2009, the availability of funding was advertised for three days in four newspapers (Manchester Union Leader, Concord Monitor, Laconia Citizen and Foster's Daily Democrat) that covered statewide distribution. In addition, the RFP was posted on the Department of Health and Human Services and the NH American Recovery and Reinvestment Act websites.

Twenty-five (25) separate proposals were received that could be funded through Homelessness Prevention and Rapid Re-Housing (HPRP) Funds from 20 agencies. Seven (7) proposals were disqualified due to incomplete proposals, and eighteen (18) proposals were evaluated and scored.

Criteria for selection included: program complies with statutes, rules and contract provisions; soundness or practicality of (program) approach; staff experience and credentials; Local Service Delivery Area coordination/collaboration; target population meets HPRP focus; how accurate and timely utilization of Homeless Management Information System will be accomplished for this program; program uses clear performance measures to demonstrate outcomes achieved; program demonstrates effective access to mainstream resources; cost effectiveness and leveraging of resources; and detailed budget can support the capacity of the HPRP program proposed.

Because of the quantity of proposals received, the reviewers were organized into three teams, which met and presented their final evaluations and scores on August 11, 2009. The review committee teams included the following individuals:

No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

Section 1512 Reporting:

ARRA imposes transparency, oversight and accountability requirements, including, without limitation, the reporting requirements in the Jobs Accountability Act in Section 1512.

Definitions. As used in this Section 1512 reporting clause, the following terms have the meaning set forth below:

Contract: means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications, grants, and cooperative agreements.

First-tier subcontract: means a subcontract awarded directly by a prime contractor whose contract is funded by ARRA.

Jobs created: means an estimate of those new positions created and filled, or previously existing unfilled positions that are filled, as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers contractor/grantee positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor/grantee. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each month.

Jobs retained: means an estimate of those previously existing filled positions that are retained as a result of funding by ARRA. This definition covers contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each month.

All jobs created (FTEs) added to all jobs retained (FTEs) should equal the total jobs (FTEs) being paid for with the ARRA contract/grant funds received pursuant to this Agreement by the contractor/grantee. Stated otherwise, all jobs (FTEs) being paid for with funds provided by this agreement minus all jobs created (FTEs) should equal all jobs retained (FTEs). A job cannot be reported as both created and retained.

Total compensation: means the cash and noncash dollar value earned by the executive during the contractor's past fiscal year of the following (for more information see 17 CFR 229.402(c)(2)):

(1) Salary and bonus.

(2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

(3) Earnings for services under non-equity incentive plans. Does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

Contractor Initials YCAD
Date 8/20/09

- (6). Other compensation. For example, severance, termination payments, value of life insurance paid on behalf of the employee, prerequisites or property if the value for the executive exceeds \$10,000.

The Contractor/Grantee shall provide the data needed for Section 1512 reporting monthly in the format defined by the Contracting Officer/Grant Manager. The report format may be changed over time if the federal government issues guidance or establishes requirements for a different format.

a. The law prohibits Federal funds from being expended by the recipient or any lower tier sub-recipients of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence a Federal agency or Congress in connection with the awarding of any Federal contract, the making of any Federal grant or loan, or the entering into of any cooperative agreement. The extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement is also covered.

b. Federal-aid contractors, consultants, and grant recipients as well as lower tier subcontractors, subconsultants, and grant sub-recipients are also subject to the lobbying prohibition.

c. To assure compliance, for any contract or grant, including any sub-contract or grant exceeding \$100,000 the contractor/grantee and sub-contractor/sub-grantee must submit and update as required a "Disclosure of Lobbying Activities" form, (OMB Standard Form LLL), available at <http://www.nh.gov/recovery/library/index.htm>.

1. During the grant or contract period, contractors/grantees and sub-contractors/sub-grantees must file disclosure form (Standard Form LLL) at the end of each calendar year in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any previously filed disclosure form.

2. Lower tier certifications should be maintained by the next tier above (i.e. prime contractors/grantees will keep the subcontractors/subgrantee's certification on file, etc.)

3. Standard Form LLL will be provided during contract execution for utilization during the required contract period.

Funds appropriated under the ARRA can, under certain circumstances, be used for grants to nonprofit organizations. However, grants cannot be awarded to a nonprofit organization classified by the Internal Revenue Service as a 501(c)(4) organization unless that organization certifies that it will not engage in lobbying activities, even with their own funds (see Section 18 of the Lobbying Disclosure Act, 2 U.S.C.A § 1611).

9. The Contractor/Grantee agrees to comply with The National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), Executive Order 11593 (identification and protection of historic properties) and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 *et seq.*); and related statutes, including requirements for plans and projects to be reviewed and documented in accordance with those processes.

10. The Contractor/Grantee, and any subcontractor/subgrantee, shall immediately refer to an appropriate inspector general within the U.S. Department of Housing and Urban Development, Office of the Inspector General, and to the Public Integrity Unit of the New Hampshire Attorney General's Office (603) 271-3671, any credible evidence that a principal, employee, agent, contractor, sub-grantee, subcontractor or subgrantee, or other person has submitted a false claim under the False Claims Act or has

committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

The Contractor/Grantee, and any subcontractor/subgrantee agree to maintain at each worksite and location of work funded by this Agreement a poster describing how to report fraud, waste, or abuse of ARRA funds. A model poster for this purpose, which also incorporates the whistleblower notice requirements, is available at <http://www.nh.gov/recovery/>.

11 Any funding provided to the Contractor/Grantee pursuant to the Recovery Act that is supplemental to an existing grant is one-time funding.

12. The Recovery Act funds are not eligible for costs incurred prior to the date of obligation.

13. The Contractor/Grantee agrees that in compliance with ARRA section 1604 none of the funds appropriated or otherwise made available in this Act may be used by any State or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

14. The Contractor/Grantee agrees to establish and maintain a proper accounting system in accordance with generally accepted accounting standards.

To maximize the transparency and accountability of funds authorized under ARRA as required by Congress and in accordance with 2 CFR 215, subpart __. 21 "Uniform Administrative Requirements for Grants and Agreements" and OMB A-102 Common Rules provisions, the Contractor/Grantee agree to maintain records that identify adequately the source and application of Recovery Act funds.

For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. This shall be accomplished by identifying expenditures for Federal awards made under Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

Recipients agree to separately identify to each sub-recipient, and document at the time of sub-award and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to sub-recipients shall distinguish the sub-awards of incremental Recovery Act funds from regular sub-awards under the existing program.

Recipients agree to require their sub-recipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor sub-recipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General, the Government Accountability Office, and the State of New Hampshire.

Where applicable, Recipients will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying statements of financial position of Community Council of Nashua, NH, Inc. (the Community Council) as of June 30, 2008 and 2007, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of the Community Council. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1 to the financial statements, the Company has not consolidated the accounts of a wholly-owned for-profit subsidiary. Accounting principles generally accepted in the United States of America require that such subsidiary accounts be consolidated in these financial statements.

In our opinion, except for the effects of not consolidating the accounts of its wholly-owned subsidiary, as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the Community Council as of June 30, 2008 and 2007, and the results of its activities and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our examination was made for the purpose of forming an opinion on the basic financial statements of the Community Council taken as a whole. The supplementary information included on page 16 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
